

Education	Institute	Year	CGPA/%
Bachelor of Engineering (Computer Science & Engineering)	Chandigarh College of Engineering and Technology	2023–26	9.03
Diploma in Electronics Engineering	Indo Swiss Training Centre (CSIO-CSIR)	2020-23	87%
Matriculation	Saupin’s School	2019–20	92.4%

PROFESSIONAL SUMMARY

CSE graduate with experience in both applied research (IBM, DRDO) and startup ecosystems (Mobiprep – 25k+ MAU). [Springer-published](#), with interests in machine learning, front-end technologies, and scalable software systems. Proficient in C++ and MySQL.

- TRAINING AND INTERNSHIP
- DGRE - DRDO, Summer Intern** (Jun’25 - Jul’25)
 - Developed a **real-time AWS health monitoring system** using **ML & fuzzy logic rules** for performing system assessment.
 - IBM, AI Winter Intern** (Jun’24 - Jul’24)
 - Participated in IBM SkillBuild on AI, ML, and Cloud; built a **breast cancer prediction model** [\[Link\]](#) (90% accuracy) and deployed AI chatbots on IBM Cloud using AutoAI.
 - Mobiprep.com, Product Growth Intern** (Jun’23 - Aug’24)
 - Enhanced Mobiprep’s learning platform [\[link\]](#) by improving **SEO, ad integration**, and user experience, **driving 25K+ MAUs**. Optimized ad performance using Google Ads and Analytics, and collaborated on **UI/UX** enhancements. Created performance reports and SEO audits, earning recognition from the CEO.

- PROJECTS
- HealthifyAI, Sklearn, ML, Python, Flask, HTML, CSS, JS, PythonAnywhere** [\[Link\]](#)
 - Built an ML-powered health check-up web app to predict anemia and heart disease from user-input data. Deployed with Flask on PythonAnywhere; Random Forest model achieved **95%** (anemia) and **97%** (heart disease) accuracy.
 - PDFBot, Python, Gemini API (LLM), Retrieval-Augmented Generation, Streamlit** [\[Link\]](#)
 - Built an AI-powered PDF summarizer to extract, analyze & summarize key content from any PDF document. Launched for public use and successfully tested by **50+ users**, validated to improve comprehension efficiency.
 - PyBankSim, Python, OOPS** [\[Link\]](#)
 - Developed a terminal-based banking system using Python and OOP principles. Implemented features for account handling, savings/current account operations, fixed deposits and withdrawals, to simulate real-world banking workflows.
 - Summer Training Database Project, SQL, DBMS, PHP, HTML, CSS** [\[Link\]](#)
 - Built a relational database system to manage summer training records. Enabled efficient data entry, update, and retrieval through a dynamic and responsive web interface.

- POSITIONS OF RESPONSIBILITY
- Database Head | Training and Placement Cell, CCET Chandigarh** (Dec’24 – Present)
 - Vice-Chairperson | CCET ACM-W Student Chapter** (Aug’24 – Present)
 - Event Manager | CCET ACM-W Student Chapter** (Sep’23 – Oct’24)
 - NSS Volunteer | ISTC** (Aug’21 – Jul’23)

- PROFESSIONAL SKILLS
- Programming & Scripting Languages:** C++, Python, HTML, CSS, JavaScript (Basics), SQL (MySQL)
 - Core Technical Skills:** DSA, OOPS, DBMS, Machine Learning, GenAI (Projects)
 - Tools:** Visual Studio Code, GitHub, OpenAI playground, Weka, Power BI, Wix, Canva, MS Office (Word, PowerPoint, Excel)
 - Soft Skills:** Active listening skills, Enthusiastic Learner, Teamwork, Time Management, Leadership, Public Speaking
 - Co-curricular:** LeetCode Problems (100+), Hackathons, Research Projects

- HONOURS & AWARDS
- Gold Medalist in Diploma in Electronics Engineering**, secured 1st rank across all semesters.
 - Winner, Ranked 1st in TechTank 2025**, a tech innovation competition.
 - Finalist, Cyberthon.ai 2025**, Selected among top 11/81 teams and presented a smart policing project at the Infosys Campus, Chandigarh, in collaboration with Chandigarh Police.
 - Finalist, INNOVISION 2025 (Chitkara University)**, Recognized for the project “Deep Learning-Based Pothole Detection System for Road Accident Prevention”.
 - Top 4, IPD-EXPO**, Secured fourth position for innovative prototype presentation.

- ARTICLES & RESEARCH PAPERS
- Springer Journal** [\[Link\]](#) *Design and implementation of VGD6-NET framework for waste segregation using 3-tier CNN*
 - Articles Published (insights2techinfo)** *The Role of Machine Learning in IoMT; Exploring XAI for Trustworthy Decision Making*

- EXTRA-CURRICULAR
- Active member of 7-Notes, official Music club of CCET**
 - Hobbies:** Designing, Art & Craft, Note making.
